About PSC

A young student is poised at a very critical juncture in his/her academic career. The next years will lay the foundation for his future career. When selecting the coaching classes your child will attend to prepare for his or her dream career in engineering or medical, we recommend you seriously review what your child needs.

At PSC, we believe even the most talented students need to push harder to raise the bar. They need the right guidance to help them identify their core strengths and build on those. They also need teachers and mentors who will work closely with them to understand their weaknesses and correct them.

We achieve this at PSC by maintaining small batches and working intensely with each student. After all, the better we know you, the higher we can help you soar.

Our belief in the PSC Parivar: "Small aim is a crime, so rise to the occasion and make a difference."

Since the last 37 years, PSC has been consistently nurturing students who excel not just in academics but also possess the necessary dynamics to be successful in the globalized world. With more than 7000 engineering and medical admissions in the last 37 years, we at PSC strive to inculcate discipline and dedication in the students so that he or she becomes proficient in these techniques.

If you are ready to dream big, we are here to make you think smart. Because PSC hai to success hai!!!

Mission

Our aim is to become one of the most admired institute in education sector and help young aspirants make their dreams come true through quality teaching, technology-enabled systems and unwavering commitment.

We believe that the hardwork & efforts of children need the right channel to blossom into success stories.

At PSC we aim to guide and train more hardworking and bright young minds toward their goals by producing double digit All India Top 100 Rank Holders.

Every single day we are moving closer to achieving that dream.

Vision

Our mission is to impart quality education and develop a scientific temperament among our students, enabling them to achieve the highest level of success in competitive examinations.

BENEFITS FOR THE STUDENTS

- Students enrolling in this program will have an integrated study plan.
- The studies for both Boards as well as Competitive Exam (Medical, JEE Main & Advanced) & other National level Olympiad Examination will be controlled and executed by "PSC".
- This would mean that the Student would not be going through two separate schedules and Classes for the same subject.
- Integrated School Programs would provide thrust for the Students to participate in co-curricular activities, sports and social activities etc. which are very important for their personality development.

WHY "PSC" ?

- Batch size - limited students
- Professor Availability - Round the clock, no other commitments.
- Personalized Mentorship - Provided to each and every student by the professors.
- Study Plans - Specific for each student.
- Doubt solving sessions - Immediately after the chapter is completed.
- Quarterly Reporting - Monthly PTM's, online test results, attendance and progress monitoring
- Time Table - Provided in advance, helps student's plan.
- Classroom Design - Specially designed for the comfort of each student.

OUR OBJECTIVES

- Follow a structured curriculum as per ICSE / CBSE / State Board pattern.
- A structured program spread over a period of 40 weeks.
- Focus on every student with definite batch size.
- Understand applied innovation with a question-based tool.
- Confidence building & Improve communication skills.
- Understand conditioned thinking processes and obstacles to innovative ideas.
- Understand how to analyze strengths and weaknesses.
- Ensure success in performance and improvement in the learning outcome.

VOICES OF PSC ACHIEVERS

Purva Kothari
(CSE, IIT Roorkee)

"I am fortunate to get a guru like Parimal Sir for Physics. The journey began with the preparation for RMO. I remember sir having sessions with us from 9 pm to 12 at midnight and sometimes even later. Sir put his heart and soul into training us. The preparations made my journey for IIT Advanced easy. I developed strong problem-solving skills and confidence. One of the people who had faith in me and paved my way to score a good rank is Parimal Sir. Many, many thanks sir."

Lakshya Kumar
(Aerospace Engg., NIT TRICHY)

"Parimal Sir not only helped me in JEE preparation but also during counseling and college time. Sir guided me in selecting the right college. During my B.Tech, I received guidance in building academic and industrial exposure and in approaching internships. Along with this, Purva Mam for Chemistry helped strengthen my conceptual clarity and analytical thinking. Their constant support also helped me during my career transition. A heartfelt thanks to both mentors for being excellent guides, mentors, and teachers."

Omkar Choure
(Mechanical Engg., COEP Pune)

"Physics and Math Olympiads are challenging exams, but learning from Parimal Sir for Physics made them exciting and motivating. Through a unique combination of teaching and problem-solving, even the most difficult topics became easy to understand. Classes never felt like routine lectures; they were interactive discussions focused on deep understanding. Whenever we got stuck, sir explained concepts patiently and clearly. My confidence and interest in science increased tremendously. The classes often extended beyond scheduled timings, and sir was always available to clear doubts. Along with this, Purva Mam for Chemistry played a crucial role in strengthening fundamentals and conceptual depth. Their teaching and mentoring played a vital role in my overall academic growth."

Deven Uttekar
(MSc, University Of Bath, UK)

"From my experience here till date, it is a good institute. I have got to learn so many extra things and the teaching method is really good. I am hoping to get great knowledge and practice hard to achieve great heights."

Nilesh P.
(CSE, MANIPAL INSTITUTE, Mangalore)

"Being a student I believe and hope that PSC is a great learning institute, where you explore your understanding as well as your freedom and eagerness to learn and love education."

Students who join PSC SCHOOLING + FOUNDATION PROGRAMME need not join separate coaching classes for school syllabus coverage. Excellence in boards will always be first priority and stress free advanced foundation will be provided. This programme is designed to follow CBSE-NCERT syllabus exactly according to respective standards which eventually leads to strong foundation for future competitive exams.

We Believe, "Talent is common, but structured guidance is rare."

PSC does not just prepare students for exams - we build thinkers, problem solvers and confident learners.

From Director's Desk:

Mrs. Purva P. Shaha

B.E. , M.E. (ENTC), M.SC (Chemistry) , B.Ed.
Director
11 Years Experience

The years from STD. 7-10 are not just academic years- they are the foundation years that shape a child's confidence, thinking ability & future direction. At this stage, what matters most is conceptual clarity, discipline and the right guidance rather than pressure or rote learning. At PSC, we strongly believe that every child has potential, & with the right nurturing, that potential can be transform into excellence. We have designed our structure to strengthen mathematics and science concepts across CBSE / ICSE / SSC boards while gradually introducing students to LOGICAL REASONING & competitive exam thinking.

We focus on understanding, not memorizing !!

"To parents, we assure you that your child's growth - academic as well as personal - is our priority and responsibility.

To students, we promise a learning environment that is supportive, motivating, interactive, enjoyable and inspiring.

Because when the foundation is strong, success becomes a natural outcome."

WHO SHOULD JOIN?

- 1) STUDENTS OF STD 6-10 (CBSE/SSC/ICSE/CAMBRIDGE)
- 2) THOSE LOOKING FOR CONCEPT BUILDING BATCH AND ADVANCED PERFORMANCE BATCH
- 3) STUDENTS WHO WANT TO MAKE SYSTEMATIC AND WELL GUIDED PROGRESSION
KEEPING IN MIND COMPETITIVE EXAMS
- 4) STUDENTS WHO WANT TO COVER SCHOOL SYLLABUS WITH IN-DEPTH COVERAGE
- 5) STUDENTS AIMING FOR SCHOOL LEVEL COMPETITIVE EXAMS SUCH AS IMO /
HOMI BHABHA/NSO/NSTSE/OLYMPIADS.
